March 2021

15th Annual FTA Drug and Alcohol Program National Virtual Conference

The virtual conference will take place on MS Teams through the WHOVA conference platform.

This free four-day conference will provide attendees with a

background on Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operators (49 CFR Part 655) and Procedures for Transportation Workplace Drug and Alcohol Testing Programs (49 CFR Part 40). Attendees can choose from a variety of sessions to customize their experience for the specific needs of their transit system and knowledge level of the FTA Drug and Alcohol Program regulations. The conference will include separate training for both beginner and advanced Drug and Alcohol Program Managers (DAPMs) and various other sessions catered to running a compliant drug and alcohol program. Additionally, there will be networking opportunities,

CY2020 Management Information System (MIS) Reporting

Consortium members' drug and alcohol testing data for calendar year 2020 have been submitted to FTA by the Greater Hartford Transit District on behalf of the Consortium members.

The submitted MIS reports will be provided to members via email.

Reminder: 49 CFR 655.71(b)(1) requires that you retain copies of your agency's annual MIS reports in its drug and alcohol testing program records for five years.

On-Site Test Cancellation

Reminder:

-Original scheduled (random on-site) test should be cancelled as soon as possible if your agency has previously had the safety-sensitive employee tested a day or days prior to the scheduled testing event.

-Likewise, original scheduled (random on-site) test should be cancelled as soon as possible if the agency knows that the safety-sensitive employee will be unavailable (i.e., vacation).

-This will avoid the \$140.00 cancelled test fee being incurred by the Consortium for each cancelled test.

Drug and Alcohol Testing Newsletters

Reminder:

As part of the drug and alcohol testing program awareness, make sure to post the following newsletters in your agency's lunch room / break room:

- Consortium Quarterly Newsletters
 - EAP Newsletters
 - FTA Drug and Alcohol Regulation Updates
-

Test Result Reporting

In case you have to wait longer than usual for test result reporting, contact Vicky McLeish for expediting result (refer to page 4 for contact info).

Consortium Training

Due to COVID19, the following training sessions have been postponed: Post-Accident, Reasonable Suspicion, and Drug & Alcohol Testing Program Management. Since these trainings are designed to be more interactive among the trainer and attendees, in-class training would be more effective.

An update on those trainings will be coming out in the next several weeks.

Online Sexual Harassment Training

Through the Connecticut Commission on Human Rights and Opportunities (CHRO), all Connecticut employees have access to FREE Sexual Harassment Training as a result of updated laws. This resource is easily accessible online and satisfies the state requirement.

More information can be found at:

<https://www.ct.gov/chro/cwp/view.asp?a=5019&Q=609536&chroNav=%7C>

Your Employee Assistance Program
A Woman Owned Enterprise Since 2000

March 2021,

Dear CT Drug Consortium Employee and Family Members:

CT Drug Consortium is delighted to announce The Lexington Group Employee Assistance Program now offers an optional online/video counseling service.

In addition to traditional face-to-face counseling, individuals may now elect the option of online counseling if you so choose. Access to online counseling is now available to you or your household family members by video, phone, and messaging. CT Drug Consortium hopes this new service provides you with more options for quality and convenient care to fit your lifestyle. However, there are three areas which The Lexington Group has determined will better benefit from in-person counseling. These exceptions to online counseling will be: substance abuse, issues in the workplace, and suicidal ideation.

Traditionally, if you or your household family elects to continue face-to-face counseling beyond the available EAP sessions, you are already connected with a counselor who takes your group health insurance. If online counseling is your preferred service method, please note that group health insurance does not cover cost of online counseling. Therefore, The Lexington Group has made arrangements to provide continued online service with your counselor at a deeply reduced rate of \$45.00 a session.

Please be aware that online counseling is completely optional to use. If *at any point* you wish to opt-out of the service, please contact The Lexington Group. They will provide you with a referral for face-to-face counseling and your covered EAP sessions will reset.

If you or your household family members would like access to this service or read more about your Employee Assistance Program, please visit The Lexington Group website at:
